ABSTRACT

The data in this summary portray full-time, part-time, and total headcount enrollment for each campus and the entire university of Maine for the years from 1970 to 1974. Full-time equivalent (FTE) enrollment is also shown. For fall 1974, two different FTE enrollments are shown. The first is comparable to the previous years, the second FTE figure reflects the new method for equating part-time students to full-time students on the basis of student credit hours generated. Both FTE figures are shown so that the difference created by a new methodology may be noted. From fall 1973 to fall 1974, headcount enrollment increased by 2 percent. Part-time enrollment increased by 1 percent and full-time enrollment by 1.5 percent. FTE enrollment, using a similar method both years, increased by 2.4 percent. Regular day-time enrollment increased by 5.3 percent (headcount) while continuing education enrollment declined by 5 percent. (Author/PG)

THE OFFICE OF FINANCIAL PLANNING OF THE UNIVERSITY OF MAINE PUBLISHED INFORMATION SHEET #9, JUNE 13, 1973 SUMMARIZING DEGREE CREDIT ENROLLMENT AT EACH CAMPUS FOR EACH YEAR FROM FALL 1965 THROUGH FALL 1972.

INSTITUTIONAL RESEARCH MEMO #7, JANUARY 29, 1974, PROVIDED SIMILAR DATA FOR THE 5-YEAR PERIOD FROM FALL 1969 - FALL 1973.

THIS MEMO SHOWS DATA FOR THE 5-YEAR PERIOD FROM FALL 1970 - FALL 1974. A MORE DETAILED REPORT AND ANALYSIS WILL BE FORTHCOMING.

DEGREE CREDIT ENROLLMENT
University of Maine
Fall 1970 - Fall 1974

The data in this summary portray full-time, part-time and total headcount enrollment for each campus and the entire University of Maine for the years from 1970 to 1974. Full-time equivalent (FTE) enrollment is also shown.

For Fall 1974, two different FTE enrollments are shown. The first, which is comparable to the previous years, is computed as follows:

1. Undergraduate students

   1 full-time student = 1 FTE student
   1 part-time student = .5 FTE student

2. Graduate students

   regular day students = 1 FTE student
   CED students are equated in the same manner as undergraduate students

The second FTE figure which is in parenthesis reflects a new method for equating part-time students to full-time students on the basis of student credit hours generated, as follows:

1. Undergraduate level programs:

$$\frac{\text{Total student credit hours generated}}{15} = 1 \text{ FTE student}$$

2. Graduate level programs:

$$\frac{\text{Total student credit hours generated}}{9} = 1 \text{ FTE student}$$

Both FTE figures are being shown so that the difference created by a new methodology may be noted.

(over)

From Fall 1973 to Fall 1974, headcount enrollment increased by 2%. Part-time enrollment increased by 1% and full-time enrollment by 1.5%. FTE enrollment, using a similar method both years, increased by 2.4%.

Regular day-time enrollment increased by 5.3% (headcount) while Continuing Education enrollment declined by 5%.

The changes vary from campus to campus.

Table 1. Enrollment, University of Maine,
All Campuses, Fall 1970 - Fall 1974

	Fall 1970	Fall 1971	Fall 1972	Fall 1973	Fall 1974
